

# Electronics Recycling

- New law affecting S.C. consumers
- Recycling option for schools

Take Action Today Workshop  
June 22, 2011

# E-scrap Law

- On May 19, 2010, HB 4093 signed
- South Carolina was 22<sup>nd</sup> state to pass e-scrap law
- Effective July 1, 2011

Take Action Today Workshop  
June 22, 2011

# Key Components of Law

- Applies to consumer computers, monitors, printers and televisions
- Manufacturers provide recovery programs – mail back, collection sites, collection events
- Consumers may not knowingly dispose of covered devices in a solid waste landfill
- Landfills can not accept covered devices

## Retailer / Manufacturer Recycling Programs

Here is a list of retailer and manufacturer recycling programs for computers, printers, televisions, cell phones and other unwanted electronics. Click on the name for more information about each recycling program. Programs vary on how they work and what is accepted. Many programs offer free services while there may be a cost in others. This list is not to be considered an endorsement of any retailer, manufacturer or program.
